Daffodil International University
Artificial Intelligence Major

HSC in Science Completed: 2021
Islamabad Collegiate College, Khulna
GPA: 5.00 / 5.00

SSC in Science Completed: 2018
BAF Shaheen School, Jashore
GPA: 4.89 / 5.00

Projects, skills & activities

MD Kazi Jawadul Islam | Curriculum Vitae

SELECTED PROJECTS

NEXORA - Multi-Business Operating Platform

React, TypeScript, Vite, Tailwind CSS

Frontend ERP prototype bringing finance, inventory, procurement, HR, and governance workflows into a shared workspace for multiple businesses.

Explores entity-based access, approvals, intercompany transactions, and hash-chained audit records using browser-local demonstration data.

Missile Tracking & Security System

Arduino, ultrasonic and IR sensors, servos, keypad

Educational scale-model simulation combining ultrasonic object sensing and servo feedback with an independent keypad-controlled security subsystem.

Uses LEDs, buzzer feedback, and timed access states to demonstrate sensing, control logic, and perimeter monitoring.

Interactive 3D Flipbook Product Catalogue

React, TypeScript, Vite, CSS 3D transforms

Customizable web catalogue with a book-like page-turn interface, searchable index, thumbnails, zoom, and fullscreen reading.

Supports button, keyboard, and pointer navigation; structured as a static frontend template with configurable branding and page content.

SKILLS & TOOLS

Technical: HTML & CSS, Python Programming, MySQL

Tools: Microsoft Word, Microsoft Excel, PowerPoint, VS Code, Photoshop

Professional: Problem Solving, Communication

CERTIFICATION & EXPOS

AWS Cloud Foundations | Destination Expo 2023 | Destination Expo 2024

ADDITIONAL ACTIVITIES

Fun with Code 2.0 | Participant 2023

Fun with Code | Participant 2022

The Unnamed (Band) | Bassist 2019 - 2022

INTERESTS

Research | Cyber Security | Internet of Things (IoT) | Music
